ARAPAHOE COUNTY

We are honored to be a recipient of a grant from Arapahoe County Aid to Agencies this year! Executive Director Karmen Carter expressed her sincere appreciation for the partnership, "Without (Aid to Agencies) funding, we would really have to look at significantly cutting back on our programming. They really allow us to be able to continue to look each year at what we can do continue to keep our all of our programs active and moving in important ways in the community." Thank you Arapahoe County for supporting our programs! [Click here to read the full article.](#)

March is Women's History Month

March is Women's History Month. It was established to commemorate and encourage the study, observance and celebration of the vital role of all women in American history.

Throughout this month, we honor and celebrate the many contributions women have made while pushing for changes that empower all women and survivors. Together, we are fighting for a safer, equitable future for all women.

At Gateway, we are committed to providing shelter and comprehensive services to *all* victims of domestic violence – women, men and children of all races and ethnicities. Reach out today at 303-343-1856 to learn more about how we can help. If you or someone you know is in crisis, call our 24/7 crisis line at 303-343-1851.
