

NEWSLETTER

Colorado Gives Day is December 6th!

We are just two weeks away from Colorado's biggest giving day of the year! Join us as we celebrate this annual day of giving by raising critical funds for our programs including our 24/7 crisis line, residential care, counseling, court advocacy support, and educational services to increase awareness and understanding.

This year, our goal is to raise \$28,000. This will help us meet gaps in current funding and ensure our programs remain accessible to all those who need them most. With your generous donation, you will be directly supporting survivors at Gateway Shelter and helping us unlock a portion of the \$1.4 million dollar incentive fund from Community First Foundation. Every donation between now and December 6th, no matter how big or small, will make a huge impact on our programs. [Learn more and donate today!](#)

Volunteer Corner

Sending a huge thank you to the volunteer group from Canvas Credit Union! We appreciate you all sorting and organizing baby clothes and assembling hygiene kits for our survivors. Thank you for donating your time at Gateway!

Holiday Gift Drive

With your help, we can make this holiday season bright for the children in our care! We've put together a wish list of holiday gifts on Amazon. Gifts will come directly to Gateway Shelter - no gift wrap or delivery required!
